Run your own profitable membership program - now!

from Memberzine.com

Here is your tip for March

Here are a couple of things to keep in mind when you are naming your membership program.

When you set up your membership program with Memberzine.com you can call it almost anything that isn't already reserved. Try to keep the name simple, short, memorable and clear - for the sake of your future members. It can help to avoid using words with ambiguous spellings, or which are spelled differently in different parts of the world. And, of course, you should choose a name which reflects the nature of your membership program.

Inside your membership program you will have the private members area that is usually called members. However if you offer multiple levels of membership, you might prefer to call the different areas something like silver, gold, free or vip.

What you choose is up to you. Just let us know if you have a preference and we will try to accommodate you.

We'll have another tip next month.

Kind regards

Kerrie Mullins-Gunst
